

## Air Shower

- Horizontal, Quasi glass door, easy to operate.
- Using remote control switch, double speed control fan system, to ensure the wind speed in the working area is always ideal.
- Using the ultra-thin aluminium frame with high efficiency filter, the thickness of the chamber wall is reduced to a minimum.

### Specification of Air Shower

Model	ST-FLB-1B	ST-FLB-1A	ST-FLB-1200	ST-FLB-2400	ST-FLB-3600
Number of users	1	1-2	2-3	3-4	6-8
Nozzle Number	6	12	18	36	48
Diameter of Nozzle	30 mm				
Airflow Timer	15 - 20 m/s				
Efficiency of Filter	99.995% over particles of 0.3µm				
Chamber Dimension	700 x 760 x 1950	700 x 760 x 1950	700 x 1200 x 1900	700 x 2400 x 1900	700 x 3600 x 1900
External Dimension	1050 x 760 x 2050	1300 x 760 x 2050	1300 x 1200 x 2050	1300 x 2400 x 2050	1300 x 3600 x 2050
Electrical	AC 220V 50Hz				
Max. Power	550	1100	1100	1100	2200
Weight	200	250	450	550	700
